4. Price List and Orders

- 4.1 Before the Purchaser can place an Order, the Purchaser must return the signed Moët Hennessy customer form to which these General Terms and Conditions of Sale are attached. The acceptance of the customer form must show that the Purchaser agrees to the applicability of these General Terms and Conditions of Sale and that it, where necessary, relinquishes applicability of its own General (Purchase) Conditions.
- 4.2 The prices as stated in the last Price List by Moët Hennessy are exclusive of VAT and inclusive of excise duties, unless otherwise specified. The taxes and excise duties shall be charged at the rates prevailing at the time of the shipment of the Goods.

The Agreement shall only be concluded when Moët Hennessy has received the Order of the Purchaser and Moët Hennessy (i) has confirmed the Order in writing to the Purchaser (including by e-mail); or (ii) proceeds to shipment and packaging as referred to in **Article 5** of the General Terms and Conditions of Sale.

In such an event, Moët Hennessy may substitute the Good by a Good of a comparable vintage and invoice Purchaser for the price that applies to this Good.
- 4.7 The Purchaser acknowledges that the fulfilment of the Order is dependent on the availability of the Goods. If the demand exceeds the offer (for any reason) Moët Hennessy is permitted to allocate, at its own discretion, the available Goods to different customers.

13. Processing of personal data

- 13.1 Each party shall comply with its obligations under the data protection legislation in respect of personal data processed by it in connection with the Agreement.
- 13.2 For the performance of the Agreement, it is possible that the Parties exchange/process personal data of (third) parties with/for each other. Therefore, the Parties can be regarded as 'data controller' and/or 'data processor', depending on the situation.
- 13.3 The type of personal data that Moët Hennessy processes, the categories of data subjects and the nature and purpose of the processing are described in the Privacy Statement of Moët Hennessy, which can be consulted on the website www.moethennessy.nl
- 13.4 Terms such as "processing", "personal data", "controller", "processor" and "personal data breach" shall have the meaning ascribed to them in the General Data Protection Regulation (2016/679/EU) ("GDPR") (hereinafter: the "data protection legislation").

- 13.5 The processor shall only process personal data on written instructions from the controller, including with regard to transfer of personal data to a third country or an international organisation, except as required to comply with a legal obligation to which the processor is subject; in such a case, the processor shall inform the controller of that legal requirement before processing, unless that law prohibits such information on important grounds of public interest.
- 13.6 The processor shall immediately inform the controller if, in its opinion, an instruction infringes the data protection legislation.
- 13.7 The processor shall process personal data in accordance with the requirements of the data protection regulation. For the avoidance of doubt, controller's instructions for the processing of personal data shall comply with the data protection regulation. The controller shall have sole responsibility for the accuracy, quality, and legality of the personal data and the means by which the controller acquired the personal data.
- 13.8 The processor shall not keep the personal data longer than is strictly necessary for the personal data processing purpose.
- 13.9 The processor shall, taking into account the nature of the processing, assist the controller by appropriate technical and organisational measures, insofar as this is possible, for the fulfilment of the controller's obligation to respond to requests for exercising the data subject's rights laid down in chapter III of the GDPR.
- 13.10 The processor shall assist the controller in ensuring compliance with the obligations pursuant to articles 32 to 36 of the GDPR taking into account the nature of processing and the information available to the processor.
- 13.11 The Parties shall provide each other in due time with the required cooperation and information to enable compliance with the data protection legislation.
- 13.12 Without prejudice to any existing contractual arrangements between the Parties, the processor shall treat all personal data as strictly confidential and shall inform all its employees, agents and/or sub-processors engaged in processing the personal data of the confidential nature of such personal data. The processor shall ensure that all such persons or parties are bound by similar confidentiality obligations or are under an appropriate statutory obligation of confidentiality. The confidentiality obligation shall remain in force after the termination of the Agreement. The confidentiality obligation does not apply if the controller or the data subject has given approval to the processor to issue the personal data to a third party or if there is a legal obligation to issue personal data to a third party.

- 13.13 Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, the processor shall implement appropriate technical and organisational measures to ensure a level of security appropriate to the risk, including inter alia as appropriate:
- (a) the pseudonymisation and encryption of personal data;
 - (b) the ability to ensure the ongoing confidentiality, integrity, availability and resilience of processing systems and services;
 - (c) the ability to restore the availability and access to personal data in a timely manner in the event of a physical or technical incident;
 - (d) a process for regularly testing, assessing and evaluating the effectiveness of technical and organisational measures for ensuring the security of the processing.
- 13.14 The processor shall take measures to ensure that any natural person acting under the authority of the processor who has access to personal data does not process them except on instructions from the processor, unless he or she is required to do so by law.
- 13.15 The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations laid down in this article 13 and allow for and contribute to audits, including inspections, conducted by the controller or another auditor mandated by the controller. The controller will pay for the costs of an audit and will ensure that the auditor is bound by confidentiality.
- 13.16 The processor shall as soon as reasonably possible after its detection (at least within 24 hours), notify the controller of any personal data breach with regard to the processing of the personal data, shall take measures to limit the possible damage, shall cooperate with the controller and shall follow the controller's reasonable instructions with regards to such incidents, in order to enable the controller to perform an investigation on the incident.
- 13.17 The processor may only engage another processor for carrying out specific processing activities on behalf of the controller, after written approval of the controller. In the case of a written approval, the processor shall inform the controller of any intended changes concerning the addition or replacement of other processors, thereby giving the controller the opportunity to object to such changes. The same data protection obligations as set out in this article 13 shall be imposed on that other processor by way of a contract, in particular providing sufficient guarantees to implement appropriate technical and organisational measures in such a manner that the processing will meet the requirements of the data protection legislation. Where that other processor fails to fulfil its data protection obligations, the initial processor shall remain fully liable to the controller for the performance of that other processor's obligations.

- 13.18 After the Agreement ends, all the personal data that the processor has received from/via the controller will be returned or deleted (at the choice of the controller) and existing copies must be deleted unless the relevant law requires storage of the personal data. In that case, the processor warrants that it will guarantee the confidentiality of the personal data received and will not actively process the personal data anymore.
- 13.19 If a party is imputably defaulting in (one of) her obligations as laid down in this article 13, this party is liable for the damage the other part incurs as a result. The liability is limited to the compensation of direct damage.
- 13.20 The processor shall indemnify, and keep indemnified, the controller of all claims, procedures or actions against the controller that result from a violation of this article 13 by the processor.

16. Payment

- 16.1 The invoices of Moët Hennessy must be paid within 30 (thirty) days of the invoice date by the Purchaser without the possibility of suspension or setoff. If the Purchaser fails to pay within this term, the Purchaser will be in default by operation of law, and from that moment onwards, Moët Hennessy is entitled to charge the commercial interest at the statutory rate.
- 16.2 If Moët Hennessy will take extrajudicial measures for the collection of its invoices, the costs thereof will have to be borne by the Purchaser in accordance with the Netherlands Extrajudicial Collection Costs Decree (Besluit voor vergoeding van buitengerechtigde incassokosten). The aforesaid shall not affect Moët Hennessy's entitlement to claim in each proceeding separately reimbursement of the legal costs.
