Character*

With this new RICH Rosé, Veuve Clicquot combines fresh and fruity flavours, while remaining true to the House style. The blend and the liqueur make this champagne the very expression of gourmet pleasure, where notes of red fruit and mild spices blend perfectly with its sweetness.

Rich Rosé is specially made to be served chilled or on the rocks, for unforgettable moments of conviviality.

How to drink

Rich Rosé can be enjoyed on ice or chilled, with the Veuve Clicquot Rich Glasses.

DID YOU KNOW?

• The term "Rich" appears in the company's archives at the end of the 19th century to designate bottles destined for the British market. The first identified instance dates to March 1876. In a letter sent to a London merchant, the House detailed the contents of the shipment: the order included Dry (the usual quality on the English market) and "Rich".
